8. SUPERINTENDENT'S REPORT

Superintendent McLaughlin spoke briefly about the two most recent WASC visits at Mojave High School and Sultana High School.

Mr. McLaughlin and the Board recognized Noah Cain, a 6th grade student at Krystal School of Science, Math & Technology, who won first place at the California State Science Fair. We believe he is the first student from San Bernardino County to have that honor. Noah's science fair project measured particulate matter, flammable gas, temperature, and humidity. Noah has been invited to participate in a USC pollution study this summer and to participate in a USC air pollution open house to share his work.

The AVID recognitions were moved to this report. Jodi Consten, AVID Program Coordinator, gave a brief overview of the AVID program and introduced the site AVID coordinators, who in turn introduced the graduating AVID seniors from each high school.

9. BOARD MEMBER REPORTS

The Board members reported on the following:

Board Members Rogers congratulated everyone in the AVID programs. She also shared that her great granddaughter would be graduating from Sultana High School as a Valedictorian.

Board Member Swanson acknowledged another great Ignite event by the Chamber. He would like to explore the ideas of this event being held at the high school levels. It was a pleasure for him to attend the Festival of the Arts, which is another way to see everything creative about our students, along with the Hesperia High School Art Show. He was excited to hear from the Sultana High School WASC Committee, as they saw things there that they had never seen at other schools before. He also saw the end of the Clue-Me-In event and saw the younger students involved in a great program. He attended the Hi Desert Economic Summit along with Marcy and David, and enjoyed understanding what local employers need and equipping our students for local jobs. He reported that the It's a Gas program is doing great for our schools and was excited to see what it has done for our schools attendance. Hesperia Jr. High School's 50th Anniversary was amazing. He was also excited to see the Senior Awards at Hesperia High School and the types of college opportunities that are available for our kids. The most amazing part, for the second year, was the Hesperia High School Etiquette Dinner. When Mr. McLaughlin brought forth the idea of giving teachers grants for outside of the box ideas for something students had never done before, this dinner was the explanation: helping to give our students soft skills by figuring out what they will need 20 years from now. This was a great event and he wanted to see it continued.

President Kittinger shared that the WASC visit at Sultana High School was great and she was proud of the students and parents that were involved. She also had the opportunity to judge the Hesperia High School Art Show and it was one of the most difficult things she has ever had to do! The art at the high school level was like an art show in New York! The Etiquette dinner was incredible and was engaging to listen to high school students, know their manners, and engage with adults. Please continue with that program and make sure it stays in place. It was an excellent dinner. She also went to a STEM show at Krystal. The third grade students, along with seventh grade from RMS, were amazing. Third graders could talk about their presentations and the seventh graders edited the writing. The collaboration between the two sites was phenomenal. Board Member Swanson echoed the great collaborative efforts between the schools.

10. APPROVAL OF AGENDA

The Board voted to approve the agenda as amended.

RESULT:	APPROVED AS AMENDED [UNANIMOUS]

11. HEARING FROM THE AUDIENCE

This is the time and place for the general public to address the School Board on any matter within the jurisdiction of the Board. State law prohibits the School Board from taking any action on any issue not previously included on the Agenda. The School Board may receive testimony and set the matter for a subsequent meeting. Please limit comments to five minutes per individual.

The Board respects the right of members of the public to speak to the Board regarding matters on the agenda and other matters within the jurisdiction of the Board. Derogatory comments made at a Board meeting, which are repeated outside the context of a Board meeting, may be actionable as defamation.

In addition, the Board wishes to make clear that it is bound by the limitations set forth in Government Code Section 54957, which states that when specific complaints or charges are to be made against a District employee, such employee has the right to have such complaints heard in closed session and to be given prior notice that such complaints will be heard by the Board.

Therefore, members of the public who wish to lodge complaints against District employees are reminded that the Board cannot properly consider such complaints without giving prior notice to the named employee.

The Board also would like to remind anyone who wishes to lodge a complaint against a District employee that there is an existing Board adopted Policy in effect specifically for this purpose. This policy contains a comprehensive procedure for reviewing and investigating public complaints, which includes a right of appeal to the Board.

This process provides a much more thorough opportunity for the complainant and the employee to be heard and the merits of the complaint to be properly investigated.

Anyone who wishes to receive a copy of this Policy may contact the Superintendent’s office.

Bylaw 9323(b) states that a person wishing to be heard by the Board shall first be recognized by the President and shall then proceed to comment as briefly as the subject permits. Individual speakers shall be allowed a total of five minutes to address the Board before closed session and a total of five minutes during the open session of the meeting on any agenda or non-agenda item. The Board shall limit the total time for public input on each item to 20 minutes. With Board consent, the President may increase or decrease the time allowed for public presentation, depending on the topic and the number of persons wishing to be heard. The President may take a poll of speakers for or against a particular issue and may ask that additional persons speak only if they have something new to add. We have now incorporated the use of Speaker’s Cards into our procedures for addressing the Board. If you wish to address the Board and have not completed a Speaker’s Card, please obtain one from the Recording Secretary.
