**To:** Governing Board  
**From:** David Olney, Superintendent  
**Date:** September 09, 2019  
**Subject:** Discussion/Action of Community Outreach/Liaison

**RECOMMENDATION/SUGGESTED MOTION:**

A school board advisory committee be created.

**BACKGROUND:**

Board Vice President Mr. Gregg has requested that the Board create an advisory committee similar to what the City of Hesperia has established.

**RATIONALE:**

A school board advisory committee be created that will value the citizen's perspective on how well we serve our community needs and the committee will be a resource to the school board at the direction of the school board to review any potential bond measures and any other items in discretion of the board.

The committee will consist of five voluntary members, with each board member appointing one member to the committee. Applicants must be United States Citizens as evidenced by current voter status and must have an interest in our students, district, and in our future. They do not have to live directly within city or district boundaries, but should have an interest in the district as evidenced by volunteering, owning a business, being a parent or grandparent, or retired employee. Two board members shall be selected by the board to serve as liaisons to this committee. The term of the committee members will be the same as the member of the board making the appointment.

The committee will meet quarterly at a date and time determined by the board.

**COST/FUNDING:**

None.
